

WASHTENAW COUNTY ROAD COMMISSION
Permit Engineering Section
555 N. Zeeb Road
Ann Arbor, MI 48103

The following is (1) a list of the activities which utility companies will be allowed to undertake in Washtenaw County road Right-of-Way under a 'Blanket Permit'; and, (2) a list of certain of the conditions under which such activities will be allowed:

Section 1 ALLOWABLE BLANKET PERMIT ACTIVITIES

1. Maintenance, tree trimming with permission of abutting property owners (no tree removal without County Road Commission and abutting property owner's permission).
2. Repair existing underground conduit, buried cable, buried wire, and pipe (except under pavement).
3. Replacement of bad buried cable sections with like size up to 50 feet. Prints to be submitted for all cable section replacement. If new cable is to be placed outside immediate area (more than 2 feet away from existing location center line), special permission is required to do so.
4. Insertion of plastic pipe inserts or lining through existing mains (gas, water or sewer), in connection with maintenance and renewal programs, not requiring pavement cuts.
5. Install buried cable or wire loop or lateral to an existing pole in an existing pole line. This may include crossing of road by squeeze boring or pushing one pipe 2 inches or less in diameter.
6. Install, remove or replace load coil case on existing buried cable, or wire, including loop from main trench at one location only.
7. Replace open wires, single pair rural wire and/or drop wire with multiple line wire or small cable on same pole line not extending beyond the present wire.
8. Repair and maintenance of open wire, multiple type wire, drop wire and aerial cable.
9. Replace or add up to two poles within or beyond an existing pole line provided poles are not relocated laterally, and that no tree work is required because of increased pole height.
10. Repair and/or replace leaking, distressed, or otherwise damaged sections up to 50 feet of existing gas mains (except under pavement). Backfill and restore in accordance with county specifications.
11. Adding or replacing guys and anchors to poles parallel to road centerline or away from road centerline.
12. Install aerial drops, which do not require a new pole within road Right-of-Way outside of existing pole line, or install aerial drop along with intermediate pole in an existing pole line to permit installing aerial drop.
13. Crossing paved or blacktop roads for underground house service will be by squeeze bore, auger or moleing* per the following conditions:
 - a. Maximum diameter of auger-2 ½ inches with no casing.
 - b. Maximum width of bore trench-18 inches.
 - c. Minimum depth below paved surface-48 inches, and 36 inches below ditch bottom.
 - d. Minimum distance from edge of paved or traveled way surface to bore pit-10 feet.
Interior subdivision streets-5 feet from back of curb.
14. System tie-ins to existing gas mains (near side) facilities in county roadways from streets under municipal jurisdiction (except under pavement).

*MOLEING-A single forward boring system (without removal of soil) and a return pass of reamer or shank with underground cable, water or gas line attachment.

Section 1 (continued)

15. Crossing gravel roads for underground house service may be by trenching. Road to be restored to county specifications.
16. Inspect and maintain systems, valves and meters and their associated manholes.
17. Conduct soil borings outside of traveled way and perform survey work.
18. Install gas service lines to residential and commercial customers (limited to 2 inch. Near side-not under pavement).

Section 2 CONDITIONS FOR BLANKET PERMIT ACITIVITIES:

1. Emergency repairs may be made with notification being given to the Road Commission as soon as possible, and no later than the next Road Commission working day.
2. Immediate notification must be given for emergency (public safety, heath and welfare) operations, which involve cutting of pavement, and a special permit must be obtained as soon as possible.
3. The Road Commission office shall be notified of normal repairs in advance, in writing, of the approximate location and date of all work performed under this Annual Permit by the utility involved.
4. Traffic shall be maintained in accordance with the *Michigan Manual of Uniform Traffic Control Devices* and county specifications.
5. Soil boring operations shall be subject to the provisions of Act 315 of Public Acts of 1969.
6. Utility companies shall submit reports monthly to the Road Commission permit office listing location, date and type of activity for each activity performed under the blanket permit for that month.
7. Miss Dig to be notified prior to any work.

NOTE: This Blanket Permit is to remain in force until such time as written notice has been received of its cancellation by either party, and subject also to the payment of all annual fees and monthly billings in accordance with the conditions specified upon the invoices.
