NESC Updates

Exterior trim work and interior walls still to be completed. The fire protection equipment continues to be installed. Interior work continues with the installation of electrical and mechanical. Painting of the walls continues as areas are available. Landscaping was completed for the fall, and minor touch up in the spring will be required. The remaining HMA is scheduled to be completed the week on Nov. 13th. Gas and electric meters were installed and the gas turned on. This allowed for a few radiant heat units to be fired up to keep the interior temperature at a moderate temperature.

STATE TRUNKLINE

- Patrol Patching – M-17, US-23
