REQUEST FOR PROPOSAL (RFP)

AS NEEDED INTELLIGENT TRANSPORTATON SYSTEMS (ITS) SERVICES

For 2021, 2022 & 2023

The Washtenaw County Road Commission (WCRC) invites qualified firms to submit Proposals for Consultant - **Intelligent Transportation Systems (ITS) Services for 2021, 2022 & 2023**. Professional ITS services will include staffing of a full-time/part-time engineer(s) and technician(s) as needed to perform those duties regularly associated with the ITS network engineering and design, testing, configuration, and integration of traffic and ITS devices, and construction engineering.

An electronic copy (pdf format) of the **Proposal for Consultant** - **Intelligent Transportation Systems (ITS) Services** must be received no later than <u>3:30 p.m. on Monday, February 15,</u> <u>2021</u>. The Proposals must be addressed as follows:

> Mr. Brent M. Schlack, P.E Assistant Director of Engineering Washtenaw County Road Commission 555 N. Zeeb Road Ann Arbor, Michigan 48103 <u>schlackb@wcroads.org</u>

Proposal for Consultant - Intelligent Transportation Systems (ITS)Services For 2021, 2022 & 2023

Washtenaw County Road Commission (WCRC) expressly reserves the right to accept or reject any and all proposals submitted and is under no legal requirement to execute a resulting contract on the basis of this Request for Proposal (RFP) and intends the material provided only as a means of identifying the various consultant alternatives. The Washtenaw County Road Commission will base its decision on a combination of competence, qualifications and other items as listed in *Section 4 Selection Criteria*. The selected firm(s) will be contacted to confirm capacity. Upon confirmation, the selected firm(s) will be asked to prepare a priced proposal. Negotiations will then be conducted.

This RFP does not commit the WCRC to pay any costs incurred prior to execution of a contract. Issuance of this material in no way obligates the WCRC to award a contract or to pay any costs incurred in the preparation of a response. The WCRC specifically reserves the right to vary all provisions set forth at any time prior to execution of a contract where it deems it to be in the best interest of the WCRC, allowing the consultant to adjust the proposal accordingly.

Any inquiries relating to this RFP must be submitted to Mr. Brent M. Schlack, P.E. and received no later than 12:00 Noon, Wednesday, February 10, 2021 via email to schlackb@wcroads.org.

- 1. General Information: The consultant shall furnish all services and labor necessary to conduct and complete the ITS Services described herein. The consultant shall also furnish all materials, equipment, supplies, and incidentals necessary to carry out this work. The consultant agrees to demonstrate knowledge of, and performance in compliance with, the standard construction practices of the Michigan Department of Transportation (MDOT) and WCRC Procedures & Regulations.
 - **1.1 Purpose:** This RFP provides information to enable firms to prepare and submit a **Proposal for ITS Services for 2021, 2022 and 2023**. Professional services for ITS will include staffing of full-time/part-time engineer(s) and technician(s) as needed to perform those duties regularly associated with the ITS network engineering and design, testing, configuration, and integration of traffic and ITS devices, and construction engineering.

- **1.2 Issuing Office:** This RFP is issued by the Washtenaw County Road Commission Engineering Department on behalf of the Washtenaw County Board of County Road Commissioners. The contact person for this RFP is Mr. Brent M. Schlack, P.E.
- **1.3 Project:** The proposed projects will consist of ITS design and/or construction for Local Agency WCRC projects.
- **1.4 Services Required:** Provide full-time/part-time experienced design and construction services under the direction of the WCRC. The services required of the selected firm(s) include, but are not limited to:
 - **1.4.1 Traffic/ITS network engineering:** backhaul communications survey and engineering, spectrum analysis, FCC coordination, throughput testing, IP addressing scheme development with subnetting, VLANs, and routing.
 - **1.4.2 Bench testing and configuration of following:** traffic controllers, MMUs, vehicle detectors, road side units (RSU), cabinet monitoring systems, uninterruptible power supplies, cameras including unicast vs multicast distribution, encoders, firewalls, managed field ethernet switches, or associated software platforms to support these end devices or network.
 - **1.4.3 Integration** of all Traffic/ITS devices in a communications network and into headend systems such as Network Monitoring Systems, Video Management Systems, Active Traffic Management Software, video display, etc. This could include the necessary field work, engineering support, or other work to complete a scope.
 - **1.4.4** Acceptance Testing: Component, subsystem, and final acceptance testing of all Traffic/ITS devices, communications network, and software integration as required for the project and in accordance with Traffic and ITS systems engineering best practices for traceability to project requirements.
- 1.5 Staffing: The selected consultant will provide full-time/part- engineer(s) and technician(s) as needed to perform those duties regularly associated with the ITS network engineering and design, testing, configuration, and integration of traffic and ITS devices, and construction engineering. The selected consultant will also identify one (1) project manager as a point of contact to schedule the as needed services. As stated above, the period for the ITS Services covered by this RFP will be for 2021, 2022 and 2023, approximately three (3) years. The consultant shall notify the WCRC, in writing, prior to any personnel changes from those specified in the Consultant's original approved proposal. Any personnel substitutions are subject to the review and approval of the WCRC.

The selected consultant staff will report directly to the WCRC project manager for the specific project the consultant is assigned to and will be on site as necessary during design and/or construction. The consultant staff will operate under the WCRC project manager who is in charge of the project. The consultant staff shall meet with the WCRC project manager at the start of a work assignment in order to get familiarized with the project plans, specifications, contract documents, permits, progress of work, and to clearly define roles and responsibilities.

1.6 Consultant Responsibilities: The consultant staff shall perform all tasks and services, provide reporting and documentation required for each project in compliance with the standard practices.

The consultant staff shall immediately bring to the attention of the WCRC project manager, the failure by the Contractor to comply with a plan or specification requirement, any problem, trends toward borderline compliance, or any other occurrence which may require resolution by the project manager.

The consultant staff shall provide their own transportation to, from and on the project site to perform the services outlined herein.

The WCRC reserves the right to withdraw any personnel or halt any services no longer required after the lack of need for Construction Engineering Services becomes apparent to the WCRC project manager. The consultant will not be reimbursed for the cost of personnel charged to a project that the WCRC project manager had determined was unnecessary.

- **1.7 Recordkeeping:** The selected consultant must keep records and track progress using standard MDOT or WCRC forms while reporting applicable items or activities.
- **1.8 WCRC Responsibilities:** The WCRC project manager shall furnish or make available for review to the consultant all the project specific construction contracts, proposals, plans, permits, and other information deemed necessary by the WCRC project manager for the services required herein. Provide general monitoring and quality auditing inspection of the project to assure that the project has been completed in reasonable conformance with the plans and specifications and to determine that the work performed to date by the consultant for services rendered is reasonable and appropriate before approving the consultant's request for payments. The WCRC project manager will arrange and conduct kick-off, design, preconstruction, and/or progress meetings as well as prepare and distribute meeting minutes.
- **2. Proposal Submittal:** WCRC is seeking proposals in the format as outlined herein. For the purposes of this RFP, the submitted document shall be referred to as the Proposal.
 - **2.1 Requirements:** A firm must submit for all portions of the above-described project, provided they are qualified to perform the services described. The firm shall provide an electronic copy (pdf format) of the Proposal submittal. The provider shall digitally sign the Proposal. Required information for the Proposal is included in *Section 3 Information Required from Service Provider*.
 - **2.2 Rejection of Proposals:** WCRC reserves the right to reject any and all Proposals received as a result of this RFP or to negotiate separately with any source whatsoever in any manner necessary to serve the best interest of WCRC. WCRC does not intend to pay for the information solicited or obtained through any response.
 - **2.3 Incurring Cost:** WCRC is not liable for any cost incurred by the service provider prior to the issuance of a contract.
 - **2.4 Inquiries:** Any inquiries relating to the RFP must be submitted via email and received no later than 12:00 Noon, Wednesday, February 10, 2021. Any necessary request for clarification, delineation, or explanation of a firm's response will be made via email by Mr. Brent M. Schlack, P.E., or his representative.
 - **2.5 Addenda to the RFP:** In the event it becomes necessary to revise any part of this document, addenda will be provided to all service providers who received the document prior to the response date and a new response date, if necessary, will be announced.
 - **2.6 Response Date:** To be considered, the Proposal for Intelligent Transportation Systems (ITS) Services must be sent via email no later than 3:30 p.m. on Monday, February 15, 2021.
 - **2.7 Type of Contract:** WCRC uses its own professional services agreement in contracting for professional services. This agreement is modeled upon that used by the MDOT for similar services. The characteristics of the WCRC agreement include:

- **2.7.1** An indemnification provision holding the WCRC harmless for negligence on the part of the service provider, the service provider's employees, agents and/or consultants.
- **2.7.2** A requirement that the service provider comply with all applicable laws, ordinances, and regulations and is responsible for obtaining all applicable permits, licenses and reviews relating to the project.
- **2.7.3** A requirement that the service provider carry and show proof of comprehensive general liability insurance, professional liability insurance, worker's compensation, and any other insurance as required by law.
- **2.7.4** A requirement that prevailing wages are being paid according to the appropriate laws.
- **2.8** Acceptance of the Proposal Content: To be considered, service providers must submit a complete response to this RFP. The contents of the Proposal of the selected service provider(s) may become a contractual obligation if a contract ensues. The Proposal must be signed by an official authorized to bind the firm to its provisions. The service provider will make no other distribution of this document.
- **2.9 Proposal Preparation:** The Proposal should be prepared providing a straightforward, concise description of the respondent's ability to meet the requirements of the RFP. Emphasis should be on completeness and clarity of content. The proposal shall be limited to a total of five (5) content-related pages, not including personnel resumes.
- **2.10 Oral Presentation:** Service providers who submit Proposals may be required to make an oral presentation of their qualifications to the selection committee and/or the Washtenaw County Board of County Road Commissioners. These presentations provide an opportunity for the respondents to clarify their qualifications to ensure mutual understanding. The issuing office will schedule these presentations if needed.
- **2.11 Selection:** The selection committee will review the Proposals submitted and conduct oral presentations if necessary. Based on this review, the selection committee will select the firm(s) considered most qualified to perform the services. The selected firm(s) will be contacted to confirm capacity. Upon confirmation, the firm(s) will be asked to prepare a price proposal. Negotiations will be conducted with the firm(s) selected.
- 2.12 Prime Contractor Responsibilities: The selected service provider(s) will be required to assume responsibility for all services offered in the Proposal whether or not the service provider produces them. Further, the WCRC will consider the selected service provider(s) to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.
- **3. Information Required from Service Provider:** Please provide the Proposal using the following format:
 - **3.1 Cover Citation:** Submitted to:

Mr. Brent M. Schlack, P.E. Assistant Director of Engineering Washtenaw County Road Commission 555 N. Zeeb Road Ann Arbor, Michigan 48103 <u>schlackb@wcroads.org</u>

Proposal for Consultant - Intelligent Transportation Systems (ITS)Services for 2021, 2022 & 2023

Date of Submittal

- **3.2 Letter of Transmittal:** The transmittal letter must include the following:
 - **3.2.1** Brief statement of understanding of the work to be performed and a positive commitment to perform the work within the time period.
 - **3.2.2** Name of the contact person or representative for the firm, their title, address, phone number and email address. State whether the contact person is authorized to bind the firm. If not, indicate who is authorized to sign on behalf of the firm.
- **3.3 Service Provider Information:** The respondent will provide information about the firm and the personnel to be assigned to this project. Be sure to include:
 - **3.3.1** The name and business address of the firm and principal who would be responsible for the work.
 - **3.3.2** Current resumes of the proposed project manager, engineers, and technicians to be assigned to the project.
 - **3.3.3** A list of projects recently completed or underway by the firm of similar scope to that proposed with approximate construction costs and date completed.
 - **3.3.4** A list of references complete with current names, addresses, and phone numbers.
 - **3.3.5** A statement of the extent to which the organization qualifies as a women and/or minority owned business.
 - **3.3.6** A statement quantifying the percentage of the firm's work completed annually in the State of Michigan and the percentage of the firm's work completed in Washtenaw County. Identify the location of the office where the assigned team will be operating from.
 - **3.3.7** An assessment of the present workload for 2021, at the office where this project will be accomplished, and on-site technical staff availability. Please complete MDOT form 5100D (05/20) "Request for Proposal Cover Sheet". **Only the key personnel who are expected to be assigned to the project shall be listed on the form.** The hours provided on the form shall represent the reasonably estimated workload expected on average per week for key personnel.
- **3.4 Statement of Work:** Identify and outline what the firm proposes to do. Describe your firm's approach to performing the specific services required in this project as noted in *Section 1.4 Services Required*.
- **3.5 Method:** The respondent is asked to describe his/her substantive approach to providing the services. What services are to be performed? What kind of specialized services are needed? What kinds of data are to be collected and analyzed? What equipment and methods will be utilized? How will information be checked for accuracy? Who will oversee the quality control/quality assurance plan? Also in this section, identify any constraints native to the method proposed.
- 4. Selection Criteria: It is the policy of the WCRC to discourage any unsolicited verbal or written communications from competing companies which may pertain or relate directly or indirectly to any Proposal being evaluated by the selection committee or Washtenaw County Board of Road Commissioners which has been submitted in response to this RFP and which contemplates award of a professional contract.

Negotiations may be undertaken with the service provider(s) whose Proposal best addresses the needs of the proposed project and demonstrates the ability and experience of the firm to

perform the work. Award of the contract will be to the responsive service provider(s) whose Proposal is most advantageous to the WCRC.

Proposals will be evaluated on evidence of understanding of the project, the objectives to be achieved, and the technical and administrative capabilities in relation to the needs of the project. The following criteria are those that will be applied in evaluation of the Proposal:

- **4.1 Understanding of Service:** The extent to which the firm has an understanding of the service, innovations, management plan, safety program, instrumentation and methods to be utilized. This information is to be based on the scope of services.
- **4.2 Qualifications of Team:** The structure of the project team including the roles of all key personnel. Evaluation of provided resumes for each of the key staff, with special emphasis on experience and demonstration of competence in performing similar work.
- **4.3 Availability:** The extent to which the assigned personnel has the time to meet the demands of the project and completion of MDOT form 5100D (05/20) "Request for Proposal Cover Sheet".
- **4.4 Past Performance**: The extent to which the service provider has demonstrated competence in performing similar work or the extent of former client satisfaction, including previous performance with the WCRC and other governmental clients.
