Improvements Planned for 2027

U of M specialty pharmacy

Mitten Fitness (GPP Fitness)

Dexter Cider Mill Temporarily closed

Dexter Research Center

Sohner

Current Condition

Intersection of Mast Road at Huron River Dr facing North

Current Condition

Intersection of Mast Road at Joy Road facing South

Planning – Why this project?

- Improve Safety
- Relieving congestion
- WCRC applied for and was awarded a Federal grant

Roundabout Design plan

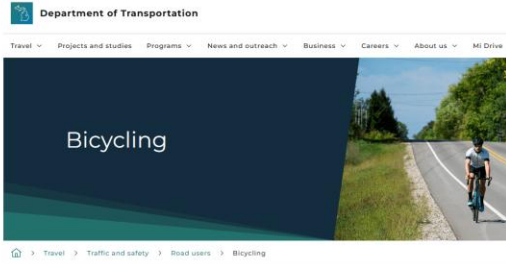

Cyclists Design Plan

- 5ft wide path
- Talked with cycling community
- Design incorporates cyclists' patterns

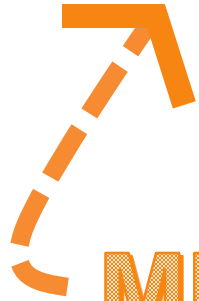

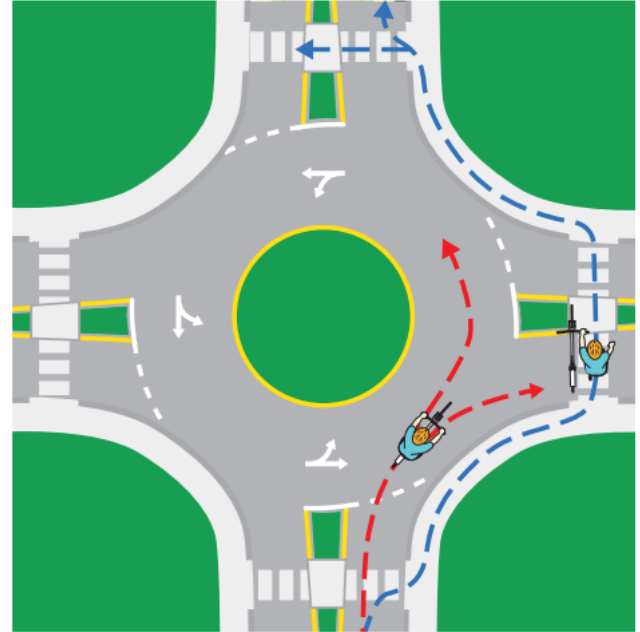

Cyclists in Roundabouts

Roundabouts

Bicyclists can use roundabouts either as a pedestrian or in the same manner as a motorized vehicle. When using them similar to a motorist, bicyclists should center themselves in the travel lane (take the lane) in order to make themselves more visible to motorists and to prevent unsafe passing.

MDOT Bicycling link

Another reminder:

Riding Two Abreast (Side-by-Side)

Riding two abreast is legal in Michigan. Single up when it is safe for others to pass. You may never ride more than two abreast.

Project Funding and Cost

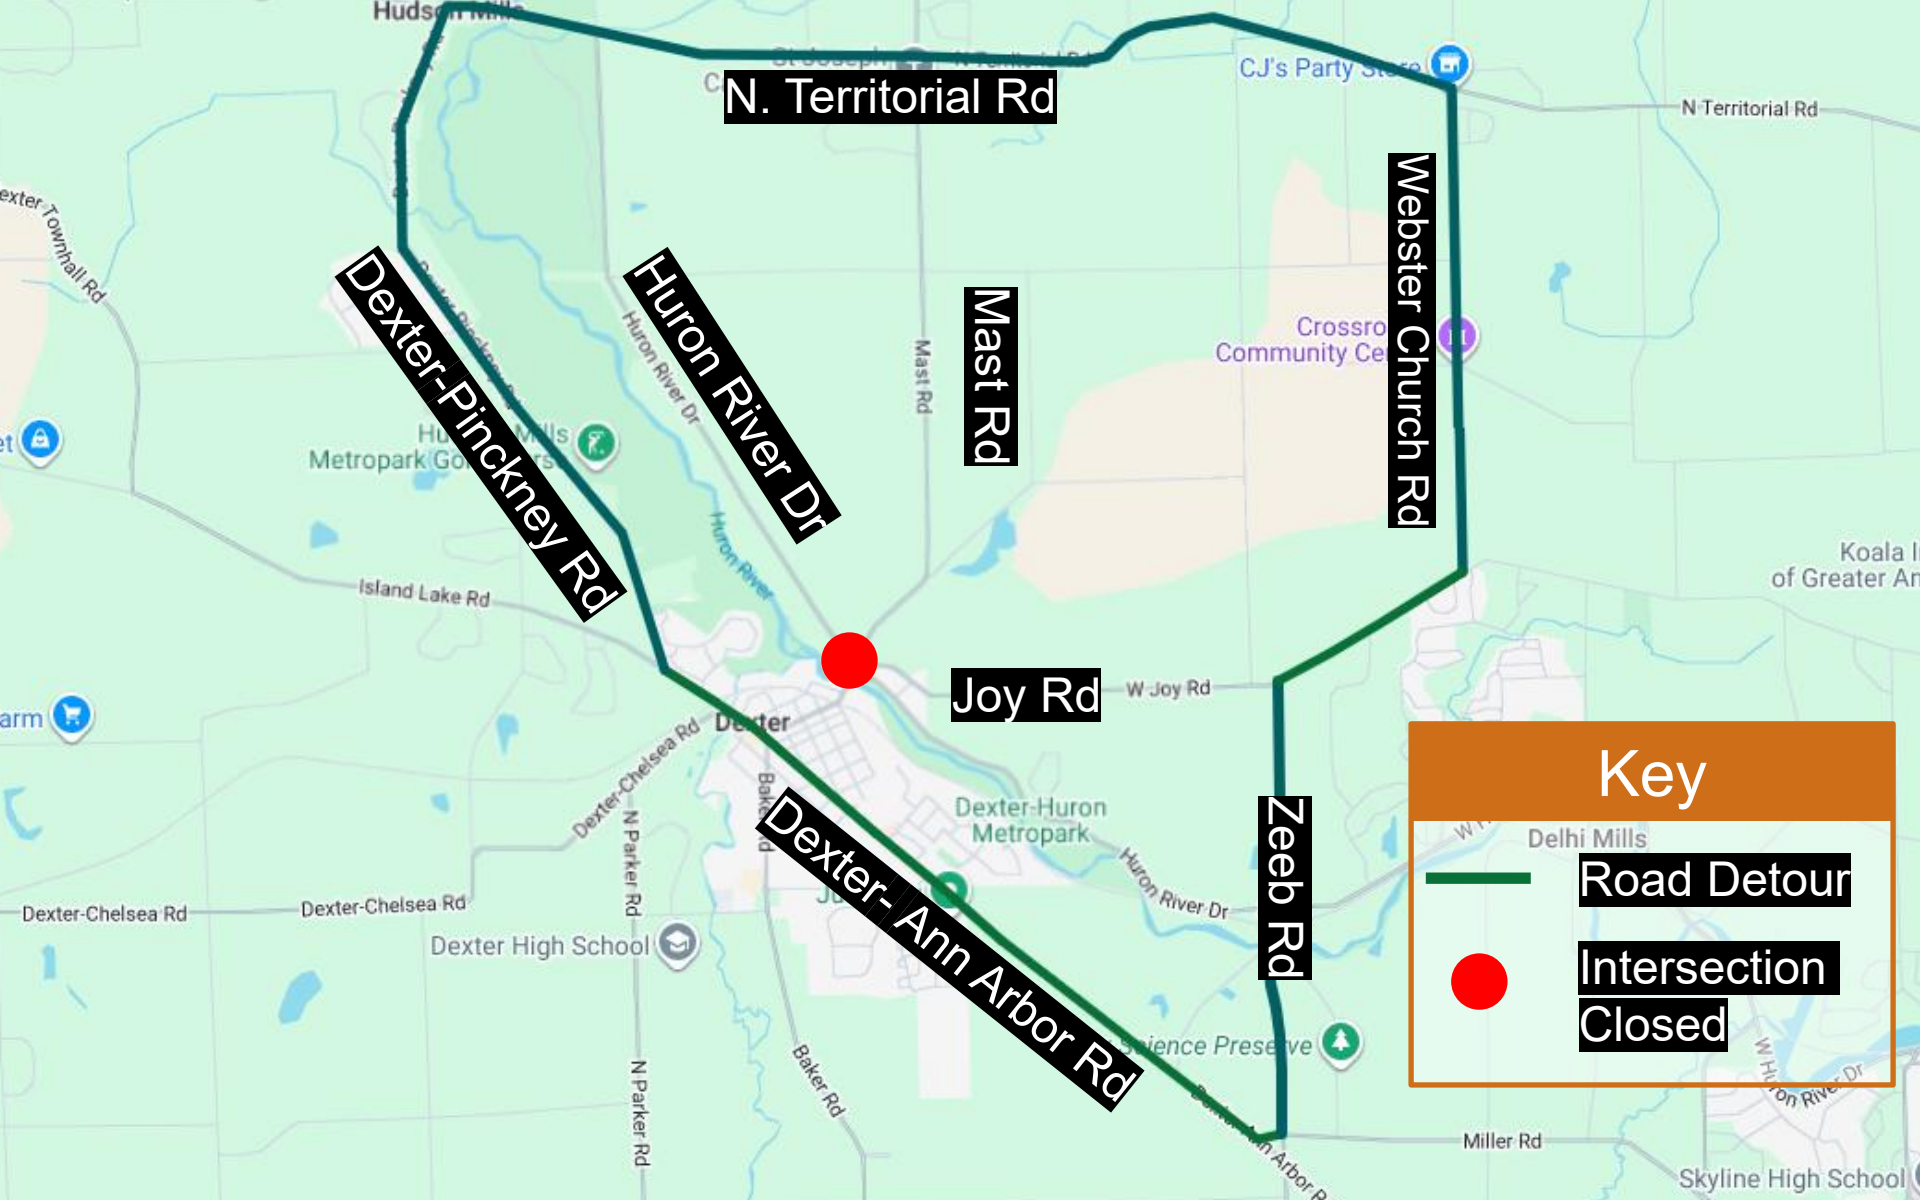

Construction cost estimate \$2.5 Million

- Congestion Mitigation Air Quality (CMAQ) Grant
 - Federal carbon emissions program
- Michigan Transportation Funds (MTF)
 - License/registration fees and fuel tax

Impact to Traffic

- The intersection will be closed to ALL through traffic and a detour will be posted

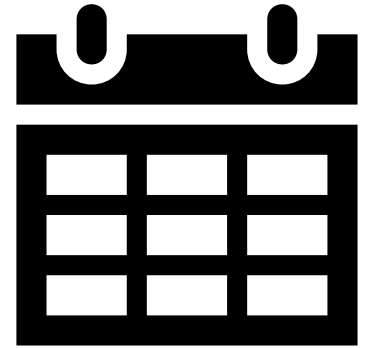

Key

-  Road Detour
-  Intersection Closed

Tentative Schedule
